- Bachelor in Natural Sciences. Sagrada Familia School. 2014-2018.

LANGUAGES

- Native Spanish.
- English A2 -Basic.

● Full Stack Web Developer - Final Project "CanchaYa"

Oct. 2023 - Nov. 2023.

Academic experience. Henry Bootcamp

Design and develop an application that allows you to search, book, and rate sports courts of various sports in your city. You can filter the courts by various criteria, pay for your bookings through MercadoPago, and leave reviews about your experience. You can also register your own court and manage it from an administration dashboard.

In particular, in this project my greatest contribution was:
Development and creation of page styles (with CSS modules).
Implementation of the login system.
Creation of Forms.

Front: Javascript, React, Redux, Vite.
Back: Node.js, Express.
Base de datos: PostgreSQL y Sequelize.

<https://github.com/CanchaYAPF/CanchaYA>

● Full Stack Web Developer - Individual Project "Videogames"

Ago. 2023.

Academic experience. Henry Bootcamp

Design and develop a video game application that allows you to discover and explore information about different video games and even add new ones. With this project, you can filter games by their genre or rating, also search for them by name and sort them alphabetically. Additionally, you can see the details of each game, such as its description, the year it was created, the platforms on which it can be played, and its photo.

Front: Javascript, React, Redux.
Back: Node.js, Express.
Base de datos: PostgreSQL y Sequelize.

● Full Stack Web Developer - "Pecosa Creaciones"

Ene. 2024.

Freelance Experience

E-commerce for a textile and accessories store, with the aim of allowing users to access the catalog and also enabling users to purchase clothing without the need to visit the physical store. I used HTML, JavaScript, and CSS.
